Figure 14.1: Interaction between policy codes and criteria. Yorkshire and Humberside

In the context of the interactions, which prevail from the policy

• Public sector and private sector

• Local and regional

• Sub-regional and local

• National and sub-regional

• European and sub-regional

The diagram illustrates the complex interplay between various policies and criteria affecting the Yorkshire and Humberside region. It highlights the need for coordination and integration across different levels and sectors to ensure effective implementation and outcomes.
